Human Traffic Email 04.jpg

In a single 24-hour, multi-state operation, more than 150 agencies worked together to target human trafficking networks.

By connecting data from CAD, RMS, LPR, and public records, they were able to:

- Visualize trafficking networks.
- Share leads securely across state and jurisdictional lines.
- Act quickly in the field with confidence.

The outcome: **88 victims recovered and 64 arrests in one coordinated effort.**

Download our free eBook to discover how agencies are leveraging technology to transition from instinct to evidence, and from luck to strategy.
